

Putnoe Woods Health Care Plan Policy and Procedures

Introduction

The main purpose of an individual health care plan for a child or member of staff with medical needs is to identify the level of support that is needed.

When any child registers with Putnoe Woods Preschool and is identified as having any medical condition or a special dietary requirement a Health Care Plan **MUST** be completed.

When a new member of staff is employed by Putnoe Woods Preschool and is identified as having any medical condition or a special dietary requirement a Health Care Plan **MUST** be completed.

A Health Care Plan consists of the Health Care Plan document, a Risk Assessment and Care Plan Review Sheet, and in some cases Prescribed Medication Form.

A Health Care Plan **MUST** consist of accurate detailed information in order to ensure the safety and wellbeing of a child or member of staff in our care.

The following information **MUST** be documented by the parents on the child's registration form and inputted onto the IConnect system. The member of staff are required to complete a Health Declaration form:

- Detailed information on the condition, symptoms triggers
- Treatment required
- frequency and amount of medication

Under no circumstance will a child's or potential member of staff's medical needs prevent their admission to Putnoe Woods Preschool.

However, any specialist support or services which are required to meet the child's or member of staff's individual needs **MUST** be discussed with either the Preschool Manager, Keyperson and / or SEND Coordinator prior to settling in/ admission.

To ensure the health, safety and wellbeing of the child or member of staff who may require a Health Care Plan, it is essential that the following procedures are strictly adhered to:

- 1.1 Prior to settling in sessions / admission or a condition being diagnosed a Health Care Plan **MUST** be documented by the Nursery Manager in conjunction with the child's parents and Keyperson / SENDCO if required
- 1.2 Prior to settling in sessions / admission or a condition being diagnosed a Risk Assessment **MUST** be developed for the child
- 1.3 Prior to settling in visits / admission the Preschool Manager or Business and Finance Manager **MUST** ensure that the child's registration form is fully completed with regard to any medical conditions and / or special dietary requirements
- 1.4 Prior to settling in visits / admissions the Keyperson **MUST** ensure that the child's All About Me is fully completed with regard to any medical conditions and / or special dietary requirements
- 1.5 The Preschool Manager is responsible in updating the allergy / medical needs poster to be displayed in the child's play room and office with a colour photograph of the child and details
- 1.6 The Preschool Manager is responsible in updating the special dietary requirement card to be displayed in the child's playroom, office and kitchen with a colour photograph and detail on the special dietary requirement
- 1.7 A child who is identified as having any medical condition and or a special dietary requirement cannot be left solely in our care without a completed and approved set of Health Care Plan and Risk Assessment
- 1.8 The Health Care Plan must give clarity for staff, parents and the child that help can be provided and it is important that staff are **guided by the child's GP or paediatrician**

- 1.9 It is essential that an agreement is made between staff and parents how often they should jointly review the Health Care Plan - at least once a year of dependant on the nature of the child's particular needs
- 1.10 Those who may also contribute to a Health Care Plan in addition to the preschool staff (the Preschool Manager in conjunction with the child's parents and Keyperson / SENDCO if required) include:
 - Support staff (if applicable)
 - Staff trained to administer medicine
 - Staff trained in emergency procedures
- 1.11 It is the duty of parents / carers to ensure that Putnoe Woods are fully informed of all changes to their child's medical conditions / medication so that the Health Care Plan and Risk Assessment is reviewed to meet the child's current individual needs
- 1.12 Should there be a requirement the Preschool Manager **MUST** ensure that staff have the technical and medical knowledge and training to administer the medication. On rare occasions this may lead to the child's start date being delayed whilst this training is accessed
- 1.13 Should an existing child(ren) in our care is/are diagnosed with any medical condition or special dietary requirement where prescribed medication is required Nursery Managers **MUST** ensure that staff have the technical and medical knowledge and training to administer the medication. On rare occasions this may lead to the child being excluded whilst this training is accessed
- 1.14 Confidentiality **MUST** be considered and maintained at all times
- 1.15 The Preschool Manager is accountable for sharing this Health Care Plan with all relevant staff
- 1.16 The Preschool Manager **MUST** ensure that the staff are competent to effectively deliver the Health Care Plan requirements
- 1.17 Staff **MUST** sign the Health Care Plan Staff Compliance sheet to agree that they have read and understood the Health Care Plan
- 1.18 Where a Health Care Plan requires medication, the Pre School Manager / Deputy Manager / Room Leader **MUST** ensure it is stored as follows:
 - In the child's room in a designated high level cupboard

- Stored in a clear sealed storage box with a lid
- This box **MUST** be labelled with a coloured recent photograph of the child with their full name
- In this box you **MUST** store the prescribed Medication, Risk Assessment and the Health Care plan, Medication - Parents Consent Form and the Prescribed Medicines Daily Administration Sheet

- 1.19 All previous Health Care Plans **MUST** be stored in the child's file
- 1.20 If a child has more than one medical or special dietary requirement, a separate Health Care Plan and Risk Assessment **MUST** be completed
- 1.21 Medication for each Health Care Plan cannot be stored together.
- 1.22 The Preschool Manager **MUST** ensure that the Preschool Health Care Plan Register
- 1.23 Copies of the child's current Health Care Plan, Risk Assessment, Medication and Parents Consent Form and the Critical Care Plan Review Sheet **MUST** be stored in the following locations:
- Preschool Office in Health Care Plan Folder

- 3.14 These checks must be completed during the Daily Opening and Closing checks

'Providers must have and implement a policy, and procedures, for administering medicines. It must include systems for obtaining information about a child's needs for medicines, and for keeping this information up-to-date. Training must be provided for staff where the administration of medicine requires medical or technical knowledge. Medicines must not usually be administered unless they have been prescribed for a child by a doctor, dentist, nurse or pharmacist (medicines containing aspirin should only be given if prescribed by a doctor)

Medicine (both prescription and non-prescription) must only be administered to a child where written permission for that particular medicine has been obtained from the child's parent and/or carer. Providers must keep a written record each time a medicine is administered to a child, and inform the child's parents and/or carers on the same day, or as soon as reasonably practicable'

The Statutory Framework for the Early Years Foundation Stage 2014

Putnoe Woods is committed to safeguarding and promoting the welfare of children and young people, employees, students, volunteers, trustees and parents and expects all staff and volunteers to share this commitment.
