

Mobile Device Policy and Procedures

Introduction

At Putnoe Woods Preschool we promote the safety and welfare of all children in our care. We believe our staff should be completely attentive during their hours of working to ensure all children in the preschool receive good quality care and education.

To ensure the safety and well-being of children we do not allow staff to use personal Mobile Devices including wearable technology during working hours.

The aim of the Mobile Device and Social Media Policy (see separate policy) is to promote safe and appropriate practice through establishing clear and robust acceptable use guidelines. This is achieved through balancing protection against potential misuse with recognition that Mobile Devices are effective communication tools - which in turn can contribute to safeguarding practice and protection.

We ask parents and visitors to respect and adhere to our policy.

Staff must adhere to the following:

- Mobile Devices should be turned off or on silent and not accessed during your working hours
- Mobile Devices can only be used on a designated break and then this must be away from the children outside the playrooms.
- Wearable technology such as watches must be in airplane mode during working hours so messages cannot be sent or received.
- Wearable technology that can take pictures must NOT be worn at work.
- The use of Mobile Devices is NOT permitted in any of the children's playrooms
- Mobile Devices should be always stored safely in the basket in the preschool office during the hours of the working day
- Personal phone calls during the day should be made via the preschool telephone number
- If there is a personal emergency staff may use the preschool telephone or request permission to make a personal phone call on their mobile in the preschool office or off site
- Photographs must not be taken of the children on any phones, either personal or nursery owned
- When trips are taken off site there must be designated lead who takes their own mobile phone for emergency use only.
- Be vigilant of prohibited use of Mobile Devices by staff, parents or visitors and report any concerns immediately to the Preschool Manager / Deputy Manager - the Preschool Manager / Deputy manager reserves the right to check image contents should there be a cause of concern over appropriate use

- Be aware inappropriate use may result in disciplinary action and dismissal and contact made with the LADO and our HR advisors, Citation - following guidance, the police and Ofsted may also be contacted
- If any of the above points are not followed then the member of staff involved will face disciplinary action, which could result in dismissal
